

**LCD BANNER**

Digital Display Stand

The LCD Banner is an exciting new exhibition concept that incorporates a 15 inch LCD display screen into a traditional banner stand style display. Assembled in minutes, the display is an excellent alternative or addition to standard display equipment and banner stands.

The display incorporates an all-in-one audio and video unit ready to display existing media such as TVC's or alternatively Paragon Display can create a video to compliment the static banner stand. Users can upload content simply by swapping out a flash card in the rear of the unit. The display also comes with a remote control for ease of use.

**X60**

Economy Lightweight Display Stand

The X60 is a very lightweight and economical stand designed for short term event use. This unit uses a frame in the shape of an "X", held together at a hub in the middle (back) of the unit. The "X" design gives you a tension rod at each corner of the display.

**BAMBOO STAND**

Eco Friendly Display Stand

Bamboo is the fastest growing woody plant in the world, with a growth rate of up to one metre a day. It takes just 3 to 4 years to become a useful material and can also be recycled.

The Bamboo Stand is a X frame-style of banner stand that is installed to the shape of an "X", held together at a hub in the middle (back) of the display. The stand's graphic display panel is also made from a non-tear recyclable synthetic media.

This stand is the result of twenty months of study in Europe and Asia and is an ideal display solution that is both economical and environmentally friendly.

**R SERIES**

Portable Retractable Display

R Series stands are professional looking, free standing retractable displays. Lightweight and easy to assemble, an instant display stand is assembled within 30 seconds by anyone. The unit comes in an attractive satin aluminium finish. The R Series is a more robust design to other similar style display stands, built to suit the rigours of travel and multiple use, complimented with a padded fabric carry case.

All R Series stands are delivered with Paragon's 'stay flat' polyester film which does not curl on the sides of the display like many other stand options.

Paragon Display offers an extended 5 year guarantee with all R Series stands (excluding print).
