**RETAIL BANNER**

Interior Display Banner

Paragon's Retail Banner is an ultra smooth indoor grade PVC banner solution that does not have the dimpled texture characteristics of other banner products but still retains the traditional durability and strength.

Retail Banner has the same surface characteristics on both faces and is ideal for both single and double sided display solutions.

As a standard, Retail Banner comes either hemmed on all edges with eyelets every one metre for hanging, or comes as a portrait orientation, looped top and bottom with fibreglass rods for hanging.

**BILLBOARDS**

Grand Format Imaging

Paragon offer a complete printing and installation service for clients with onsite billboard faces.

Billboard skins are printed using state of the art UV grand format print technology onto the industry standard 440gsm PVC banner and can be installed on any prepared hoarding or frame in the Auckland area.

Standard pricing includes the complete printing and installation service, as well as removing any existing skin and storing of removed skins (for reuse) for up to twelve months. Further to this, all the billboard skins produced are fully biodegradable and will breakdown once disposed in a landfill.

Other custom sizes can be produced as well as premium options such as graffiti coating, or rope edging for added installation strength. If required, we can also arrange production and installation of permanent and temporary billboard frames and offer a nationwide install service.

SIZE	DISPLAY SIZE	PRICE*
<b>6x3</b>	6000mm x 3000mm	<b>\$935.00</b>
<b>12x3</b>	12,000mm x 3000mm	<b>\$1855.00</b>

*Price is based on production and installation of Billboard skin, removal of existing skin from pre-approved site/frame within 25km of Auckland CBD.*

Please contact Paragon Display to match a comparable quote or for pricing of multiple quantities
